

Administrative Authority Reflection

Think about the structure of your HCBS waiver program.

Tip:

Ask your supervisor if you have any questions.

For the HCBS waiver program that you work with, draw its organizational structure. At the top, show the state Medicaid Agency. At the bottom, show your case management agency. Identify organizational layers in between, including:

- **Unit within state Medicaid Agency, if applicable, that operates the HCBS waiver program.**
- **The state Operating Agency if other than Medicaid.**
- **Any regional/sub-state entities for the HCBS waiver.**
